# TUBULAR GRIP/LEVER ENTRY SET

The Tubular Grip/Lever Entry sets from KARCHER DESIGN consist of a single cylinder on the outside. On the inside the Tubular Grip/Lever Entry set can be combined with every KARCHER DESIGN lever model in the finish satin stainless steel, polished stainless steel and cosmos black. With the tumblers on the inside the door can be locked and unlocked easily and quickly.

The Tubular Grip/Lever Entry set UET is suitable for pre-bored doors (door prep  $2 \frac{1}{8}$ " ) with tubular latches. The lever sets are suitable for doors with the standard door thickness of  $1 \frac{3}{8}$ " -  $2 \frac{9}{16}$ " (35 - 65mm).

The UET set is available as single cylinder entry set (LA), with interconnecting device (LA ID) or full dummy (DUM).
